

# An hour with Rohde & Schwarz

## Come and discover the “engineering experience” brought to you by Rohde & Schwarz

Rohde & Schwarz is home to in-depth engineering know-how. We are recognized as a world market leader in numerous fields of technology, the driving force behind many branches of industry including test & measurement, radiocommunications and broadcasting. We do business in more than 70 countries worldwide, and we value individuals who share our main objective: **To be the best!**

Wonder what is it like “out there” in the best of engineering?

Here's your chance to get up close and personal with the Rohde & Schwarz team to find out more about the various fields we work in – from idea to product realization and finally the results!

So come along and have a fruitful hour with Rohde & Schwarz!

Date: **3 March 2008, Monday**

Time: **12.30pm ~ 1.45pm**

Venue: **LT2, NUS**
