

New Journal of Physics

The open access journal for physics

This is to certify that the article

Photorealistic rendering of a graded negative-index metamaterial magnifier
by **Cheng-Wei Qiu, Alireza Akbarzadeh, Tiancheng Han and Aaron J Danner**

has been selected by the editors of *New Journal of Physics* for inclusion in the exclusive 'Highlights of 2012' collection. Papers are chosen on the basis of referee endorsement, novelty, scientific impact and broadness of appeal.

Professor Eberhard Bodenschatz
Editor-in-Chief
